IN publishing this Catalogue of General Furniture, we would ask you to note that it only represents our stock in typical fashion. We should require a book, perhaps ten times the size, if we illustrated everything we actually sold.

The illustrations herein are selected for their general popularity as stock that is in good general demand.

We can, and often do, plan and design special articles to meet the wishes of customers.

If there is anything you require, and you cannot find it in the following pages; we shall be glad to hear from you and can promise that your wants will be promptly supplied, if possible.

Window Treatments

344

Our stock of Nets, Muslins and Curtain Fabrics is always well assorted, and can be supplied in design and colouring to harmonise with any scheme.

Furnishing Drapery

covers a large and important Department in our establishment. Anyone who has visited our Showrooms will be ready to admit that anything more artistic or refined is not to be seen anywhere.

When it comes to the description of fabrics, we are filled with despair, for how can one describe the thousand qualities that go to make a fabric effective?

It is only by testing the effect which a fabric makes *in situ* and in relation to other things that its value can be ascertained.

Much, however, can be done by experts, and when a scheme of decoration has been decided upon we are always glad to do all in our power to assist in the choice of fabrics.

No. 344 represents plain fabric with border in Brocade or Print, introducing relief colourings to tone with the general furnishing of the room. Prices vary with the material chosen. We shall be pleased to submit samples and prices.

No. 345.—A Modern Treatment in Printed Tissue or Linen, arranged on severely simple, but decidedly decorative lines, for Lounge or Living Room use. Prices vary with material chosen. We shall be happy to post you samples of different materials together with cost.

No. 346.—Carried out in plain fabrics, with Applique and Embroidery Design worked out to harmonise with surroundings and assist the main colour scheme. The price will depend on the materials chosen. We shall be glad to send you samples and prices.

We also specialise in Loose Covers in Linen, Cretonne, Taffeta or Shadow Tissue. Any of these will prove satisfactory in wear, and, with the exercise of a little care, may be laundered without loss of colour. A Chair with Loose Cover is shown at No. 286 of this Catalogue.

OUR NEW CHINA AND GLASS DEPARTMENT

"CATTLE"

By EATON.

A Vase of pure Greek form by Doultons, embellished with an interesting picture which ever way the vase is turned ; a wooded landscape through which cattle are moving amid the shimmer of foliage. The tree forms are particularly good. Eaton's work is appreciating considerably ; he is a painter conscious of the debt he owes to nature, and has specialised in the rural scenes of English Country Life.

Height 31 inches, revolving on its base.

Price, £65/-/-

An extended range of hand-painted vases in Royal Doulton, Royal Worcester, Royal Crown Derby China is on view in the new gallery, a special feature being made of original pieces signed by the Artist. Prices vary according to the size and value of the artist's work, but many excellent pieces are on view at following prices :

42/-, 63/-, 84/-, £5/5/-, £7/15/-,
£9/9/-, £10/10/- each.

We know our Furniture
is good, because we
make it good.

Carpets

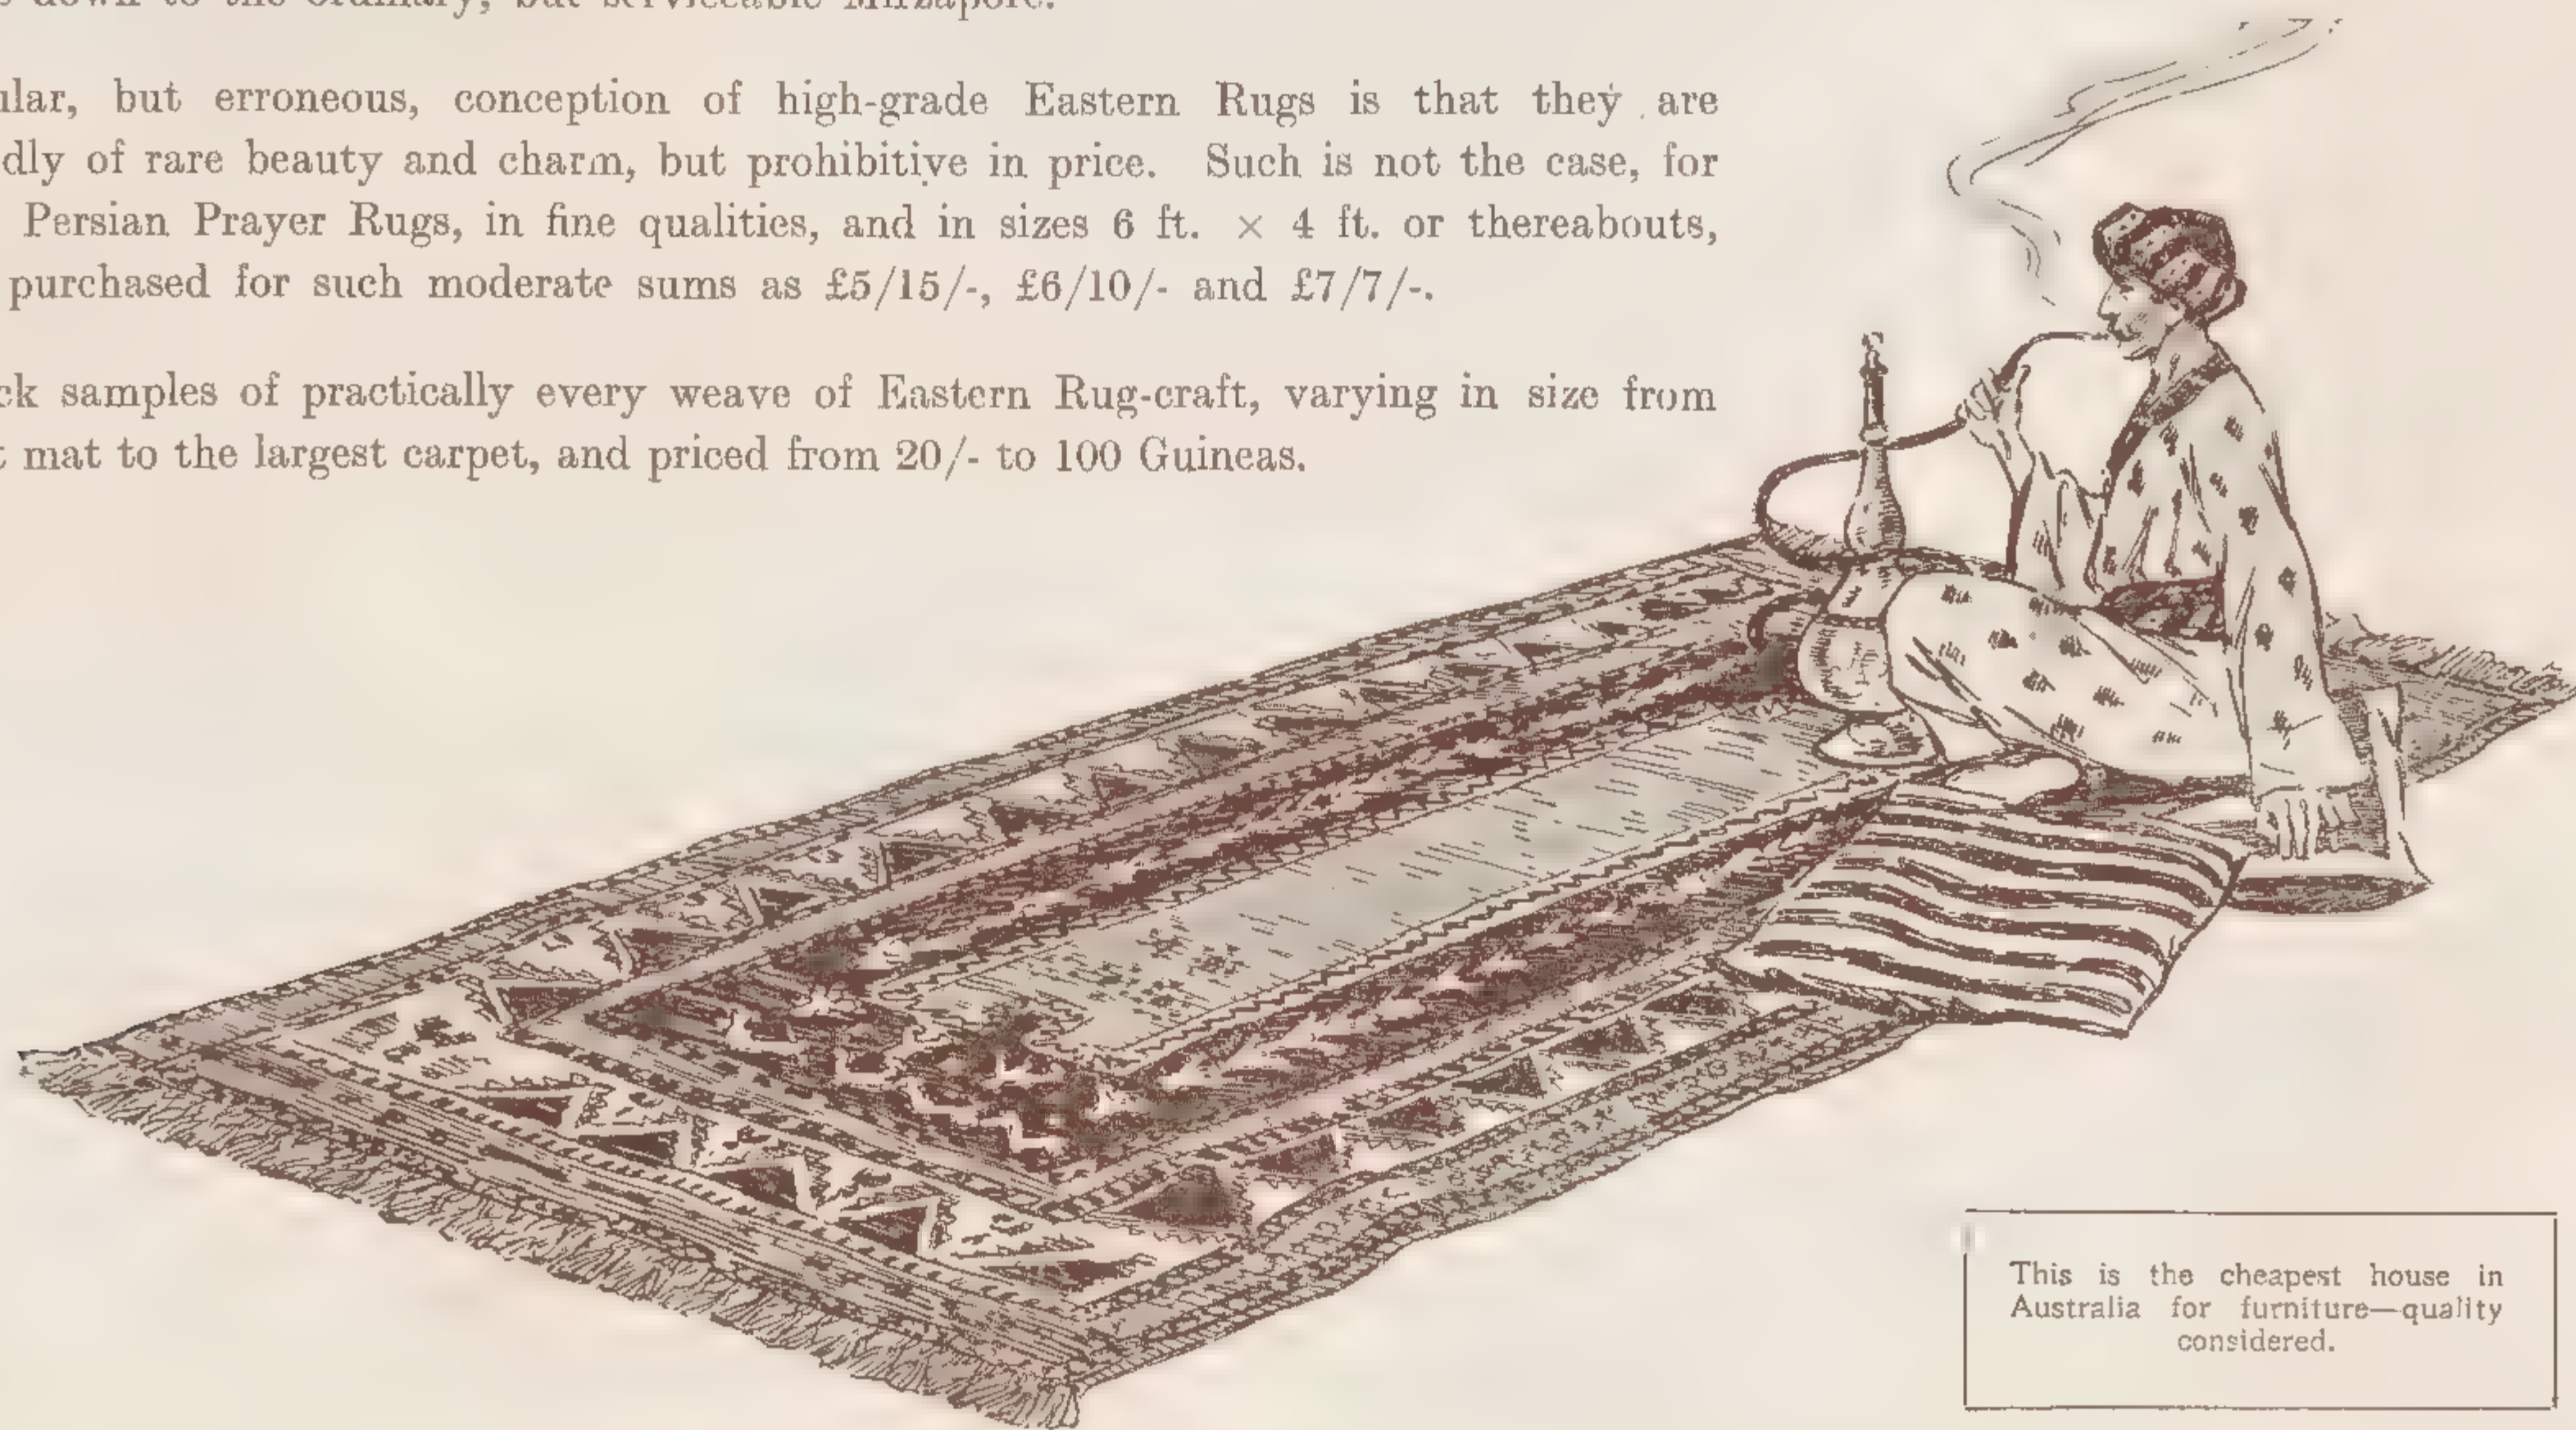

To compare prices effectively and justly to yourself you should also compare quality.

EASTERN RUGS are positively fascinating in their beauty, and since they are easily taken up and put down, and also since they give practically lifelong wear, they seem to solve the floor-covering question in such climates as Australia. Granted a polished floor, or one covered with self-colored Linoleum, Eastern Rugs have the most marvellous decorative value. We have made a speciality of these Rugs, holding stocks (the largest in Australia) that include examples of the rarest Persians down to the ordinary, but serviceable Mirzapore.

A popular, but erroneous, conception of high-grade Eastern Rugs is that they are admittedly of rare beauty and charm, but prohibitive in price. Such is not the case, for genuine Persian Prayer Rugs, in fine qualities, and in sizes 6 ft. $\times$ 4 ft. or thereabouts, can be purchased for such moderate sums as £5/15/-, £6/10/- and £7/7/-.

We stock samples of practically every weave of Eastern Rug-craft, varying in size from smallest mat to the largest carpet, and priced from 20/- to 100 Guineas.

This is the cheapest house in Australia for furniture—quality considered.

Carpets

FLOOR COVERINGS of all sorts, whether it be the hardy Linoleum or the beautiful and luxurious Wilton Pile, are interesting on account of their decorative value. When all the artistic taste and experience has been spent on the walls and ceiling; when each carefully-thought-out piece of furniture is in its place; when the windows have been wisely and charmingly treated, the last thing is to put down the carpets or rugs, and these should, if they are properly chosen, reconcile all discord in the general colour scheme, and bring everything into perfect harmony, so that the room will have an atmosphere of repose if it be a Bedroom, or of gaiety and insouciance if a Drawing Room, and of sobriety and comfort if a Dining Room.

DINING ROOM CARPETS should be dark and full in colour, just as all the furniture should be of the dark and solid description, so that the "piece de resistance" will be the table with its spotless white linen and silver.

For the DRAWING ROOM much will depend on the use it is put to. If it is claimed constantly for social affairs and evenings, the carpet and decorations should be brilliant and gay, and pitched in a high key. If it is used for an occasional afternoon, and used rarely at night, and contains the pictures, bric-a-brac and artistic treasures of the house—its treatment should be in low tones with the carpet in self-colour, and the key-note of brightness should be suggested by a splash or two of correct contrast in the shape of rugs or curtains.

THE MORNING ROOM will be as light, dainty and pretty as you can make it, and as the conventional can be dispensed with, the carpet and hangings may be in freely figured design.

The chief requisite for a BEDROOM is repose, and nothing of a fussy or very definite pattern should be permitted. The decorations and general treatment should be quiet and reposeful, and no contrasts whatever should enter in.

Thus it will be seen that the Carpet and Floor Covering are very essential to the beauty of the home, and we scarcely need say that our services are at your disposal, and our large selection, quite the largest in Sydney, will materially help you to choose the exact shade and pattern you are looking for.

There is no need for us to particularise for there is no novelty we do not stock, and there is no line of Carpets, Woollen Art Squares, or Rugs of any description that may not be seen on our extensive carpet floors

DUKE OF LEINSTER

ROCOCO

SHAMROCK AND FESTOON

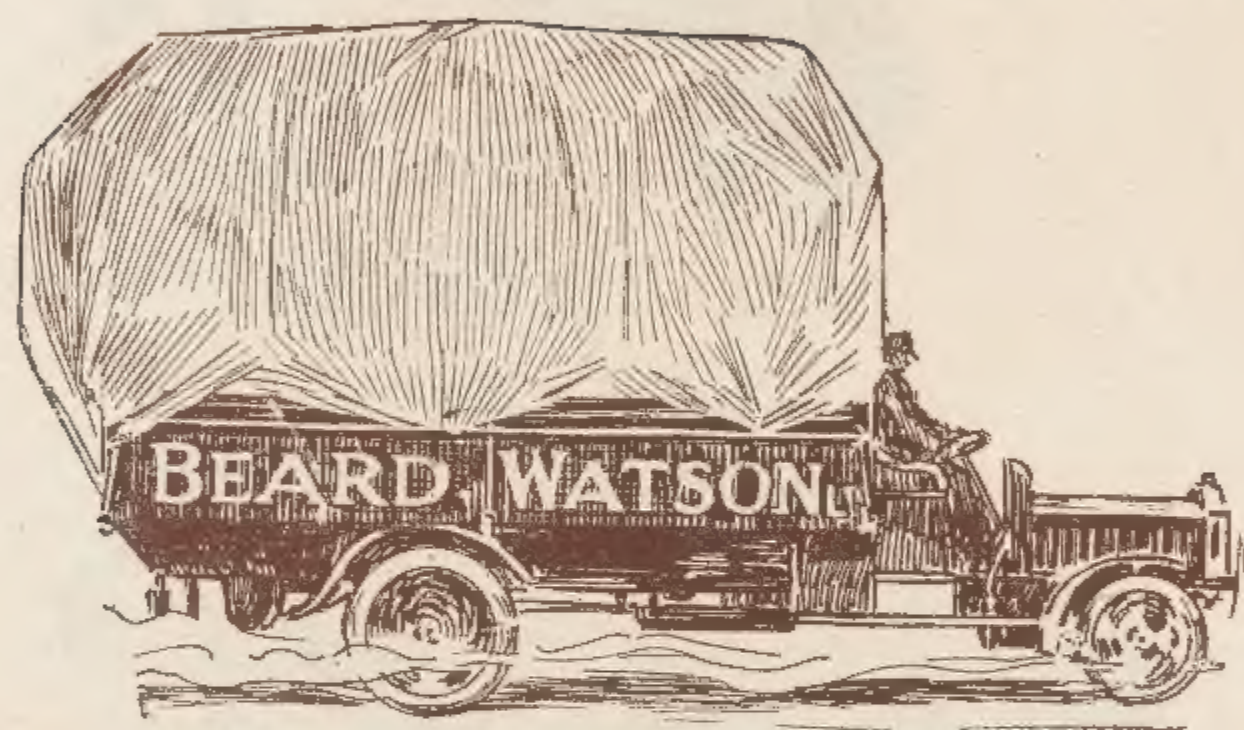

MOIRÉ ANTIQUE

Shut your eyes to quality and everything is cheap. It is often the scamping of the unseen details that makes the Chair or Settee cheap ; it is, however, dear at any price.

ROSE AND SPOT

Our prices are perhaps lower than you imagine. Compare them with other prices, but be sure that the quality is the same in either case.

Removals and Storage

OUR knowledge of Furniture generally is perhaps the best reason why you should, in your own interests, let us do your moving or storing. We have every possible facility for so doing—many large Furniture Vans, including several Pan-technicons, together with horses, drivers and skilled furniture men. By the aid of this staff we can promise you the most careful and conscientious service, promptitude and reasonable freedom from vexatious breakages.

We have two large Depositories for the storage of Furniture, and every care possible is taken of your goods and chattels. We have also two Strongrooms for Valuables.

Whilst we do not attempt to compete with some who attempt to carry out serious removals with insufficient equipment, we ask you to compare our prices together with our service with that of any other house. Our fees are extremely moderate when you consider the immunity from trouble and worry which our work provides.

We are prepared to advise you on the subject of moving or storage and to give estimates of cost free of charge. Please apply to our Removals and Storage Department. 'Phone, City 9380.
